## SLIDING DOOR SYSTEM WITH PELMET

An internal sliding door system suitable for doors up to a maximum of 50kg.  
Available to suit doors up to 915mm and 1220mm, with options of mill finish and powdercoat white.

# FEATURES

## CLIP-STOP DOOR STOP

Clip-stop door stop allows a smoother door retention as it takes hold of the hanger and prevents the panel from bouncing back when door is in the opened or closed position.

## HIGH-SPEED PRECISION BEARINGS

Forerunners quality hanger consist of 4 nylon tyred, stainless steel high-speed precision bearings for a smoother operation.

## SMOOTH & QUIET OPERATION

Bearings combined with the unique track profile offers years of silent, smooth operation and superior rolling performance every time.

# FEATURED COMPONENTS

## REMOVEABLE CLIP ON PELMET

For a flawless, concealed finish, easy clip on pelmets are available in both mill and clear anodised finish to suit multiple styles and aesthetics.

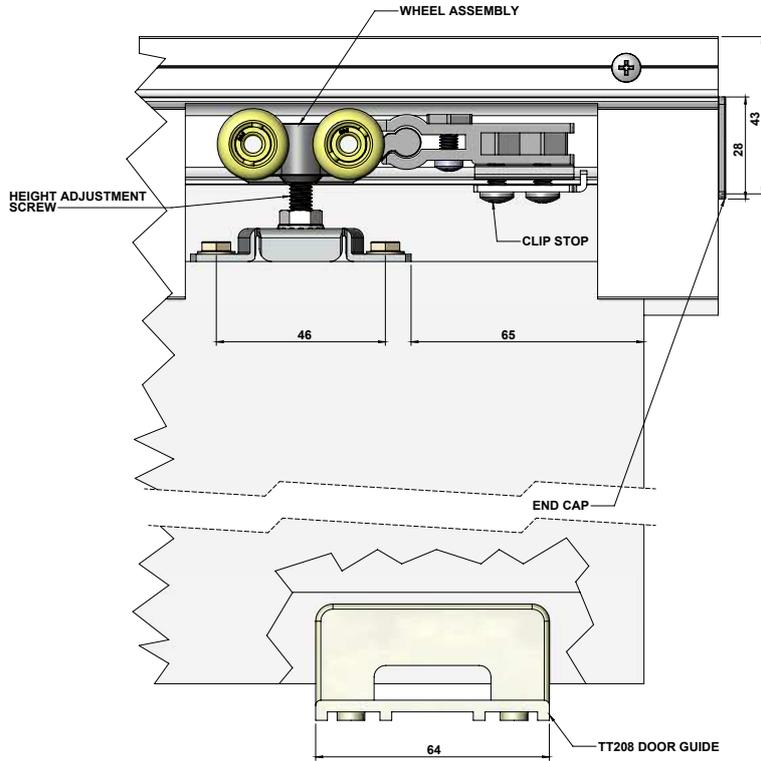

## CLIP-STOP DOOR STOP

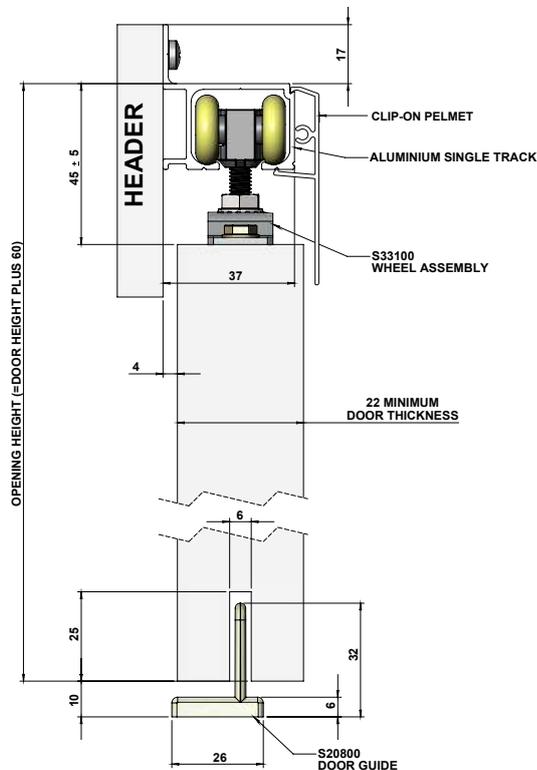

Mounted clip stop allows controlled door retention. It takes hold of the hanger and prevents the panel from bouncing back when opened or closed, for improved functionality.
