

Twin-Roll is a dual-wheel sheave with a weight capacity of 200kg per door, it's design offers greater door weight distribution to assist with smooth rolling.

The side-face 8mm height adjustment and full Stainless steel construction make this wheel assembly a popular choice for large doors.

FEATURES

- Track: Slimline manganese bronze bottom track
- Wheel assembly: Full Stainless steel twin-wheel assembly
- Key features: 8mm, side-face height adjustment
- Door Guide: Top mounted guide channel and roller guide
- Optional: Alternate guide options available
